

THE FIVE-COURSE & BESPOKE EXPERIENCE

A personalized Italian dining experience, created around your occasion.

For the moments that deserve something extraordinary, Galimberti Private Dining offers a more elaborate and personalized culinary journey.

Designed for celebrations, anniversaries, milestone occasions and intimate gatherings, this experience allows greater attention to the progression of courses, the harmony of flavors and the details that make a dinner distinctive.

THE CULINARY JOURNEY

01 — Antipasto

A carefully composed introduction that establishes the character and direction of the menu.

02 — Primo

An expression of Italian craftsmanship, from handmade pasta to a carefully prepared risotto.

03 — Intermezzo or Additional Primo

An additional savory course that introduces a new ingredient, texture or culinary perspective, creating a more layered experience.

04 — Secondo

A principal savory course selected to complement the preceding dishes and bring depth to the menu.

05 — Dolce

A considered finale that completes the culinary journey.

Additional courses or special requests can be discussed when developing a bespoke proposal.

A MENU CREATED FOR YOUR OCCASION

Every detail begins with a conversation.

We consider the nature of your event, your culinary preferences, seasonal ingredients and the atmosphere you wish to create.

Whether the occasion calls for a traditional Italian menu or a more personalized progression of dishes, the objective remains the same: to create a coherent and memorable experience.

THE WINE PAIRING EXPERIENCE

For guests who appreciate wine, we can develop pairing recommendations that follow the progression of the menu.

A fresh, mineral white wine may complement delicate seafood, while a structured red from Piedmont can bring depth to a richly prepared meat course.

Each selection should serve a purpose, enhancing the food without overpowering it.

Wine selections, availability and any associated costs are confirmed separately as part of the planning process.

MORE THAN A DINNER

The experience is designed around the occasion, with attention to menu development, presentation, timing and the practical details of service.

Additional arrangements, such as a welcome aperitivo or a more extensive wine experience, may be discussed when requesting your proposal.

LET US CREATE SOMETHING PERSONAL

Share your vision, the occasion and the number of guests. Together, we can develop a culinary experience that reflects your preferences and the character of your gathering.

An exceptional table is not simply prepared. It is thoughtfully created.
