

THE FOUR-COURSE EXPERIENCE

A refined journey through the flavors of Italy.

Some dinners call for more than a meal. They call for a thoughtful progression of flavors, the pleasure of discovering each course, and the time to enjoy the company around the table.

Our Four-Course Experience offers a more complete expression of Italian dining, bringing together tradition, balance and carefully considered presentation.

THE CULINARY JOURNEY

01 — Antipasto

An elegant opening that introduces the character of the menu through carefully selected ingredients and contrasting textures.

02 — Primo

A celebration of Italian culinary tradition, featuring handmade pasta, a carefully prepared risotto or ravioli.

03 — Secondo

The centerpiece of the savory courses, selected to complement the first part of the meal while bringing depth and character to the experience.

04 — Dolce

A final expression of Italian indulgence, chosen to conclude the menu with balance and elegance.

BALANCE, SEASONALITY & TRADITION

An exceptional menu is built around harmony. The richness of one course, the freshness of another, and the progression of textures all contribute to the overall experience.

Menus are personalized according to your preferences, the occasion and the ingredients available.

A THOUGHTFUL WINE EXPERIENCE

Wine can be selected to complement individual courses or to accompany the dinner as a whole.

Our recommendations consider the structure, acidity, richness and aromatic character of each dish. Italian wines, including selections inspired by Piedmont, can bring an additional dimension to the meal.

Wine pairing is optional and can be arranged according to availability and the agreed service details.

YOUR EVENING, CONSIDERED FROM START TO FINISH

We discuss the menu and practical arrangements in advance, then prepare and serve your agreed experience in your home.

The goal is to let you focus on your guests while we take care of the culinary experience.

A MORE PERSONAL WAY TO DINE

Ideal for special dinners, celebrations and evenings when you want to offer your guests something more considered than a conventional restaurant experience.

Italian tradition, thoughtfully brought to your table.
